Instructions for the Computer programing Competition

1. Read all the instructions properly

2. Your exam will start from 6 pm onward today. Candidates need to be on the google meet 15 min prior to the exam.

3. Google meet link will be shared to the candidates at 3 pm today.

4. As soon you enter the google meet you need to keep your video on and mute your audio. In case any candidate fails to keep their video on, they will be disqualified.

5. After the time got over or you have completed the task before the time you need to submit your script in a doc file and screenshot or image of the result/output.

6. First three positions will be decided on the basis of time limit.
   (i.e.,
   - the person submitting their correct result first will get the 1st prize and so on.
   - In case the first person makes any mistake in the result second will get the first prize if he/she gets it correct.
   - In case no one gets it correct will be check for the script how much correctly they have written it and or how much they have tried to get it to the nearest correct.)

7. There is a participation certificate also for the candidates who submit their script, if there is no output or error in their output but still write the script and submit it before 6th march 2022; 9 pm. We are giving this for your effort and not backing off from the competitions.

8. All the doc files and screenshot of results need to submit to us over the mail zamanashique326@gmail.com or abhaybhattarai@gmail.com. Candidates will get additional 15 min apart from the competition time to submit it.

9. All the best for the competitions.

10. Remember to set an alarm for the competitions so you don't miss it.

11. In case of any query feel free to call us or write a mail or send SMS over WhatsApp.
